

MYTH: There is no hunger in Arlington.

FACT: Hunger IS a problem in Arlington.

The high cost of living here means many families simply cannot make ends meet.

The Arlington Food Assistance Center provides supplemental groceries to Arlington families who cannot afford to buy all the food they need.

Last year at AFAC:

- The number of families turning to us each week increased from an average of 705 to 854, and we are now routinely serving over 900 families each week.
- We distributed over 1,200,000 pounds of food directly to Arlington families, and two-thirds of that was donated to us.
- Volunteers donated over 17,000 hours of help to AFAC.

We are an efficient and effective part of the safety net in Arlington. But more and more families turn to us all the time – more elderly, more disabled people, more working poor families.

Please help us feed our neighbors in need. Donate now through our website, www.afac.org, look for our next mailing, or call Christine Lucas, AFAC Executive Director at 703.845.8486.

Figures are for Fiscal Year 2008 (July 1, 2007 through June 30, 2008).
